EPA I.D. Number: IAD000819110

Dear Mr. Jensen:

The U.S. Environmental Protection Agency is required to conduct compliance inspections under the Resource Conservation and Recovery Act. Based on information collected by us in our May 22, 1986 RCRA compliance inspection it has been determined that information that we have in our files concerning the generation and handling of hazardous waste at the Square D Company may no longer be current.

The following indicate the changes or differences that were identified during this inspection:

General Facility Information:

	Information that needs to be deleted	Information that needs to be added
--Contact Name:	Glenn A Brock Env Coordinator	Jim Jensen Env Coordinator

Since our Agency needs to maintain current and accurate information on facilities in Iowa, please submit a written response signed by an authorized representative indicating the changes identified in this letter are correct. A written response is necessary before we can change any data concerning your facility. Return your response, within 30 days to: EPA Region 7, 726 Minnesota Avenue, Kansas City, KS, 66101, Attn: Ken Herstowski, RCRA/Iowa. We also recommend that you provide an amended copy of your Notification form.

This letter does not indicate that these are the only deficiencies that that the EPA found in its review of the compliance status of your facility. The Environmental Protection Agency reserves the right to take additional follow-up enforcement action if deemed necessary based on our review of the inspection report.
